LIST OF SIGNIFICANT HAZARDS

GROUPS AT RISK

EXISTING CONTROLS covered by information held

Blower/Power Failure	Participants	Operators are instructed to tell participants to remain exactly where they are until the problem is resolved or the inflatable becomes safe to walk off
Overloading	Participants	Operators are instructed to allow the next participant on the inflatable when the previous one has cleared the obstacles
Injury caused by boisterous behaviour	Participants	Operators are instructed to segregate older more lively participants from younger less active ones. Under 14's and over 14's cannot be mixed.
Collision when exiting the inflatable	Crowd	Inflatable to have an appropriate crowd barrier at a safe distance from the exit if required.
Fire	Participants Crowd/Operator	Operators to site inflatable away from naked flames and forbid smoking on and around the inflatable
Electric shock	Operator	Electrical units are visually inspected for obvious faults, fused Ext. cables are used and equipment is P.A.T. tested once a year
Injury caused by contact with other participants	Participants	The 2 competitors are instructed to stay on their side of the course.
Excessive Wind & Inflatable Tipping Over	Participants Spectators	Operators to site the slide end into the wind. Check type of soil type under grass - clay has a lot stronger hold than sand Securely double peg all anchor points into the ground.
	On Grass	All supplied weights to be used and anchor to fixed objects if required.
	On Hard Standing	If wind speed exceeds 35km/h on windometer or if pegs start to move in the ground or weights start to move when in use, immediately evacuate & deflate until wind has dropped and operator deems appropriate to re-start.
	Inside an enclosed space	Weights required to hold into place. Not necessary for each anchor point due to the lack of weather implications. Max Capacity - 8

Boot Camp Challenge

Safety Data Sheet

Equipment Required:

	No Req	In Van
Inflatables	3	
2 x 1.5hp Blower + 1 x 2.0hp blower		
Ext Leads & Plug Converters & Splitter		
3 x Petrol Blower, Petrol & Pipe		
Groundsheet		
2 x orange Crash Mats	2	
Crash mats (Start 4x6ft & Finish 1x10ft)		
Barrow		
34 Pegs and Hammer		
Sandbags for anchor points		
Repair Kit	1	
Map & Key & First aid kit	1+1+1	
Foam step		
Rolling Device	6 pieces	
Post&bunting/post fencing		

Loading checked by:

Return loading checked by:

Event Manager

Rolling instructions:

1. Remove orange crash mats before deflation of swing Open all air vents and all connection tubes make sure all sides fall inwards
2. Remove all pegs, when suitably deflated fold to a third of the width
3. Front and rear inflatables Roll up to middle inflatable

I have read, understand and am fully trained and confident to operate and supervise the Boot Camp Challenge and understand the risk assessment, assembly & operating instructions and any other safety procedures in relation to the Boot Camp Challenge

Assembly Instructions:

1. Groundsheet down onto required area
2. Check for overhead cables, wires or branches
3. Unroll small inflatable rope swing first
then unroll 2nd & 3rd inflatables away from swing centre outwards
4. Close all deflation vents & tubes mak sure that tubes are neatly folded away.
5. Attach 2 x 1.5hp & 1x2.0hp blowers or petrol blowers at the back away from public.
Inflate centre inflatable first & peg, Place both orange crash mats inside rope swing.
- 6 Inflate 2nd & 3rd inflatables and pull to either side of swing and velcro together
making sure that all 3 inflatables are inline
7. Anchor inflatables down and place crash mats at start & finish as required
8. **Place crash mats to cover all open sides**

Operator Instructions:

1. Operator to regulate flow of people at the start.
2. All participants to be told: No jumping down the slide, **must slide feet first sat down.**
3. If a child is at the top of the slide and there is a power failure -
tell the child to sit down and the inflatable will slowly deflate to ground level.
4. No footwear, food, drink, cigarettes or sharp objects to be taken on the equipment.
5. No Participants with a history of back, neck problems or heart complaint to enter
