 1st: Sept 2018  
 2nd: Mar 2018  
 3rd: Sept 2018.  
 4th: Mar 2019

<u>LIST OF SIGNIFICANT HAZARDS</u>	<u>GROUPS AT RISK</u>	<u>EXISTING CONTROLS covered by information held</u>
Collision with surrounding objects	Participants	Arena to be clear of protruding hazards Any non movable hazards to be suitably padded. Inflatable barrier to be used around the arena
Collision with the ground	Participants	Arena to be covered in crash mats Participants only allowed to box in the arena. If on Tarmac or concrete inflatable barrier or additional crash mats must be used.
Collision with each other Collision with spectators	Participants Crowd Participants	Participants wear padded suits, gloves and soft hats Arena to have an appropriate crowd barrier with spectators at a safe distance. Operator to follow participants during bouts and to try to break participants fall
Inclement weather	Participants	Participants will be asked to leave in the following cases: If wind is severe and anchorage points are not enough to secure the inflatable down the inflatable will be deflated until the wind subsides. If rain is heavier than a light drizzle the inflatable will be deflated and the power supply cut off.
Excessive Wind	Participants Spectators	On Grass Check type of soil type under grass - clay has a lot stronger hold than sand Securely double peg all anchor points into the ground. On Hard Standing All supplied weights to be used and anchor to fixed objects if required. If wind speed exceeds 35km/h on windometer or if pegs start to move in the ground or weights start to move when in use, immediately evacuate & deflate until wind has dropped and operator deems appropriate to re-start.
Alcohol	Participant	The operator reserves the right to refuse "riders" who are intoxicated to an extent that will risk safety of themselves or others. The operator may call for assistance from the organisers to enforce this restriction.

# Kangaroo Boxing

## Equipment required

	No req	In Van
2 kangaroo Suits	2	
2 Hats	2	
4 Small Boxing Gloves	4	
CCTV/Rules - Sign	1	
3 Sumo Mats	3

## Assembly instructions:

1. Assess the area to be used. Any hazards to be removed or padded.
2. If a hazard still exists a new arena needs to be found .
3. Once suitable area has been found unroll crash mats, velcro together to form the middle.
4. Unroll inflatable barrier, ensure vents are closed, attach blower and inflate.
5. Anchor barrier with sand bags or pegs to ensure it stays on the arena at all times.
6. Ensure the camera is set up safely and securely near entrance.
7. Suits, hats, gloves & feet are put on crash mats ready for participation.
7. Place crash mats around ring arena when required if barrier not used

## Operating instructions:

1. Participants to remove shoes outside the arena.
2. Suit to be lowered over their heads with arms coming out of appropriate holes.
3. Hat to be fastened on followed by gloves.
4. Instruct participants to start in the middle  
the game is over if they fall over or go out of the circle
5. Operator to follow stay inside the ring & maintain the rules & safe play

I am fully trained and confident in operating the **Kangaroo Boxing**, and understand the risk assessments, assembly instructions and operating instructions, and any other safety procedures related to the **Kangaroo Boxing**
