'Minefield' mat	1	
Cheat Sheet	1 per game	

Set Up / Assembly

1. Flat grass or tarmac
2. Lay out the 'minefield' mat and stand the team at the start end
3. Make sure that the team can't see your cheat sheet!

Operator Instructions

1. A team member is selected to go first and steps onto a square. It is either safe or it 'blows up'. If it is safe, they can take another step, within the legal moves. The rest of the team must watch and remember which is safe. When a team member steps on a 'mine', the next person goes, following the discovered 'safe' squares until they find a 'mine'.
2. Legal moves: Forward, sideways or diagonal – not backwards and must be to an adjacent square
