ASSESSMENT REVIEW
1st April 2010.....
2nd Dec 2010
3rd May 2012
25th May 2016

LIST OF SIGNIFICANT HAZARDS

Installation/removal:
Physical injury

Physical injury due to over stretching

Electric shock

possible eye injury from aerials

GROUPS AT RISK

Operator

Operator

Operators/participants

Operators/participants

EXISTING CONTROLS covered by information held

Only 1 bundle of track to be carried at once.

Race Marshals are the only people who should replace cars on the track, care to be taken as this can involve stretching to reach the cars.
All electrical wires are visually inspected for obvious faults and fused ext. cables are always used. Equipment is PAT tested one a year.
Only operators to remove & replace cars, Operators to take care when reaching for cars
Participants to be instructed **not** to wave the hand controls around and instructed in the correct operation of the controls

I am fully trained and confident in operating the **Remote Controlled Cars**, and understand the risk assessments, assembly instructions and operating instructions, and any other safety procedures related to the Remote controlled cars
